

The Cotillion - Ballroom Dance Floor Etiquette

Fast dancing around the outside (Viennese waltz, quickstep, society, peabody); this lane is wide enough for one couple to dance through

Slower dancing around the inside (foxtrot, waltz, tango); this lane is wide enough for one couple to dance through

In-place dancing in the center (swing, hustle, rumba, merengue, mambo, salsa, cha-cha); this area is wide enough for two or three couples

This is *not* a good place to converse with your friends... please move off the dance floor

Remember: More than one dance style may be enjoyed with a given musical number; what is an in-place dance for you may be a traveling dance for someone else. Please move toward the center of the hall for *all* in-place dancing
